1. Be sure to insert your committee/workgroup name in the header (delete red text and insert name).
2. Delete red text indicating “Insert Number” and insert your assigned objective number.
3. Delete red text indicating “Insert Name” and insert the name of the committee chair.

7. Action Steps Column: Insert an action step your committee will be taking to meet the strategic objective. Please list steps separately under the “Action Steps” column (add additional rows when necessary). For example, if your objective is to integrate pediatric issues into educational programs then one of your action steps may be to survey all provider agencies to identify pediatric issues they frequently see. Insert “Develop Pediatric Issues for Providers Survey” as an action step. Additional action steps may be needed to complete this task, such as, deployment of survey; list this as a separate action step.
8. Responsible Person: Please list the specific committee member that has lead on this task.
9. Timeline: List the timeframe to complete the task, if the task is complete type in “Complete” in that column.
10. Status: List the status of the task. Insert bullets that outline the steps that have been taken to complete that task. For example, if the task is to “Develop Pediatric Issues for Providers Survey” some of the steps may include: developing the questions for the survey, contacting the Bureau to assist with the distribution of the survey, etc... Each of these steps would be a separate bullet.
11. Send updated action plan to the Bureau of EMS to be posted on the web. This is why the responsible person is important. Other committees may need your assistance and need a specific point of contact.

You are not limited to the amount of rows for action steps. If you are utilizing the electronic version of this template, you may click in a row (be sure cursor is in the row), and then select table, then select insert rows below. This will add additional rows you will need as your committee makes progress with the assigned objective.

Developing your action plans may assist your committee in determining future needs for EMS. These may be ideas for future strategic plans. Please make note of those issues that come up for future strategic planning sessions.
