Accepting the Voucher

1. Most women and children receive one *Fruit & Vegetable Voucher* each month.
2. With the voucher, WIC customers can purchase any combination of allowed fresh, frozen, and canned fruits and vegetables.
3. There is a dollar limit printed on each voucher. The amount will not exceed \$15.
4. The WIC Program will pay up to the dollar limit printed on the voucher for WIC-eligible fruits and vegetables selected by the WIC customer.
5. When the customer uses more than one voucher, transact each voucher separately just like WIC checks.
6. If the total price of the eligible fruits and vegetables selected by the WIC customer is more than the dollar limit on the voucher, the customer can choose to pay the difference with cash at checkout. Or, the WIC customer can remove some of the items from the purchase so that the cost is equal to or less than the dollar limit of the voucher.
7. If your store is Food Stamp EBT authorized, accepts personal checks, or accepts credit or debit cards from non-WIC customers, the WIC customer may also choose these forms of payment instead of cash when the price of the fruits and vegetables exceeds the dollar limit on a voucher.
8. If the total price of the eligible fruits and vegetables selected by the WIC customer is less than the dollar limit on the voucher, no change or credit is to be given to the customer.

Submitting the Voucher for Payment

1. Submit the *Fruit and Vegetable Voucher* for payment just like a WIC check.
2. If the total price of the allowed fruits and vegetables purchased by the WIC customer is less than the dollar limit printed on the voucher, enter the price of the foods purchased in the "Pay Exactly" box on the voucher.
3. If the total price of the allowed fruits and vegetables purchased by the WIC customer is more than the dollar limit printed on the voucher, enter the dollar limit printed on the voucher in the "Pay Exactly" box on the voucher. The WIC customer must pay any amount over the voucher dollar limit.
4. Have the WIC customer sign the voucher after you enter the "Pay Exactly" amount. Match the signature on the voucher to one on the WIC ID card.
5. Remember to stamp your vendor authorization number on the voucher before you deposit it.
