

Florida Refugee Health Program

Free Health Assessment and Immunization Services are available to people from Haiti who have been granted humanitarian parole.

Services Include:

- School Health Exam
- Immunizations
- Blood Tests
- Tuberculosis Testing
- Stool Culture
- Sexually Transmitted Infection Screening
- Lead Screening
- Referrals for Follow-up Health Care & Medical Treatment
- Interpretation Services

To receive free services, the health assessment needs to be done within 90 days of arrival in the United States.

To find contact information for the county health department in your area, go to this link, [Local County Health Department](#), and click on County Contacts on the left side of the page or call 850-245-4350.

For more information, contact the Florida Refugee Health Program at 850-245-4350
